

MEETING NOTES

November 5, 20089

Virginia City Nevada City

Historic Site Development Plan

A & E Architects presented a series of draft Site Plan Maps for various areas of Virginia City and Nevada City. Each map delineates suggested land use with possible schematic drawings of what the sites might look like when developed for that specific use.

A & E went over each map with staff, Site Plan Advisory Council and the public. All were invited to write comments and suggestions on the various maps. A & E staff and Foley Group were available for question/answer.

The draft maps can be viewed at www.virginiacitymt.com/SitePlan.asp under Draft Site Plan Maps.
